

Smart WIFI Motion Sensor VIV-WS3MS-TY

The VIV-WS3MS-TY is a compact, battery-powered PIR (Passive Infrared) motion sensor designed for real-time indoor movement detection. It connects via Wi-Fi and integrates seamlessly with Tuya Smart and Smart Life platforms, providing instant alerts and smart automation capabilities. With features like pet immunity and automatic threshold adjustment, it ensures reliable performance in various home environments.

Features

- Support online monitoring function;
- Low power alert and report function;
- Auto temperature compensation, greatly improve sensitivity;
- Nicera Sensor and Fresnel lens, make sure alarm sensitivity;
- Anti-dismantle alarm;
- Free tool installation, stick and play;
- Fashion design with appearance patent.

Specifications

Product Model	VIV-WS3MS-TY
Operating Voltage	DC3V (1 x CR123A battery)
Detection Distance	≤9m (25°C)
Detection Angel	90°
Pet Protection Level	11 kg or less
Wireless Distance	Wi-Fi signal covered areas
Networking	Wi-Fi 2.4 GHz
Operating Temperature	-10°C ~ +50°C
Humidity	≤95% RH (non-condensing)
Installation	Tool-free "stick and play" setup
Dimensions	80 x 80 x 28.5 mm
