

VIV-K7 Mini Easy Keypad

The VIV-K7 is a compact, standalone access control keypad designed for single-door entry systems. It supports up to 1,000 users, offering three access modes: Card, PIN, or a combination of Card and PIN. The device is compatible with 125KHz EM cards and features a PIN length of 4 to 6 digits. Built with a robust zinc-alloy enclosure, the VIV-K7 is waterproof with an IP66 rating, making it suitable for outdoor installations. Its mini size, with a diameter of 73mm and thickness of 20mm, allows for versatile mounting options.
