

## Outdoor Wall /Pole Mount Cabinet

### Overview

The 18RU outdoor wall/ pole mount cabinet is a robust and secure enclosure designed to house network and telecommunications equipment in outdoor environments. With an IP65-rated construction, this cabinet offers protection against dust and water ingress, making it suitable for various industrial and telecom applications. Its compact 600mm width and 800mm depth allow for efficient space utilization, while the ventilated design ensures proper airflow to maintain optimal operating conditions for enclosed equipment.

### Features

- Weather-Resistant Construction: IP65-rated enclosure for protection against dust and water.
- Integrated Rain Hood: Enhances protection against rain and environmental factors.
- Adjustable 19-inch L Rails: Front and rear L rails with RU markings for easy equipment mounting.
