

Sbutton VIV-100-X Waterproof no Touch Exit Button

This device is a waterproof, infrared no-touch exit button designed for hygienic and convenient access control. It features an adjustable sensor range of 3 to 10 cm, allowing users to activate it with a simple hand wave. A built-in timer delay option adds flexibility for various installation needs. Its durable, weather-resistant design makes it suitable for both indoor and outdoor use. Ideal for offices, residential buildings, and public access points where contactless operation is preferred.

Features
